**“Unit(s)”** means the number of taxable developed residential unit(s) assigned to a Parcel, or a portion thereof, by the Administrator.

### 3. Duration of the Special Tax

Parcels in the CFD will remain subject to the Special Tax in perpetuity.

If the Special Tax ceases to be levied, the District shall direct the County Recorder to record a Notice of Cessation of Special Tax. Such notice will state that the obligation to pay the Special Tax has ceased and that the lien imposed by the Notice of Special Tax Lien is extinguished. The Notice of Cessation of Special Tax shall additionally identify the book and page of the Book of Maps of Assessment and Community Facilities Districts where the map of the boundaries of the CFD is recorded.

### 4. Assignment of Maximum Annual Special Tax

A. Classification of Parcels. By June 30 of each Fiscal Year, using the Definitions in **Section 2** above, the parcel records of the Assessor's Secured Tax Roll as of January 1, and other County development approval records, the District shall cause:

1. Each Parcel to be classified as a Tax-Exempt Parcel or a Taxable Parcel;  
and
2. Each Taxable Parcel is to be further classified as a Developed Parcel, Large Lot Parcel or Undeveloped Parcel.

B. Assignment of Maximum Annual Special Tax.

**Attachment 1** shows the Base Year Maximum Annual Special Tax Rates. Each Fiscal Year following the Base Year, the Maximum Annual Special Tax Rates may be increased in accordance with the Tax Escalation Factor.

**In the event the District, County, County Service Area, or other public agency levies and collects an assessment or special tax (other than the Special Tax) in a Fiscal Year to fund Authorized Services of the CFD, the Maximum Annual Special Tax shall be reduced by an equal amount in the same Fiscal Year.**

The Maximum Annual Special Tax is then assigned to Taxable Parcels using the steps below.

1. **Developed Parcels.** The Maximum Annual Special Tax is assigned to each Developed Parcel by multiplying the Units (for Single Family Residential Parcels and Multifamily Residential Parcels) times the Maximum Annual Special Tax Rate for the tax category shown in Attachment 1, as increased by the Tax Escalation Factor each Fiscal Year after the Base Year.
2. **Large Lot Parcels.** The Maximum Annual Special Tax is assigned to each Large Lot Parcel by multiplying the Net Acres times the Maximum Annual Special Tax Rate for Large Lot Parcels shown in **Attachment 1**, as increased by the Tax Escalation Factor each Fiscal Year after the Base Year.

3. **Undeveloped Parcels.** The Maximum Annual Special Tax is assigned to each Undeveloped Parcel by multiplying Net Acres times the Maximum Annual Special Tax Rate for Undeveloped Parcels shown in Attachment 1, as increased by the Tax Escalation Factor each Fiscal Year after the Base Year.
- C. **Conversion of a Tax-Exempt Parcel to a Taxable Parcel.** If a Tax-Exempt Parcel is not needed for public use and is converted to a taxable use or transferred to a private owner, it shall become subject to the Special Tax. The Maximum Annual Special Tax for such a Parcel shall be assigned according to the Sections 4.A and 4.B above. Conversely, if a privately owned parcel is converted to a public use, it shall become tax-exempt.

## 5. **Calculating Annual Special Taxes**

The District shall compute the Annual Costs and determine the Maximum Annual Special Tax for each Taxable Parcel based on the assignment of the Special Tax in Section 4. The District will then determine the tax levy for each Taxable Parcel using the following process:

- A. Compute the Annual Costs for each Benefit Zone using the definition of Annual Costs in Section 2.
- B. Calculate the Special Tax levy for each Taxable Parcel by the following steps:

Step 1 Compute 100 percent of the Maximum Annual Special Tax Revenue for all Developed Parcels for each Benefit Zone.

Step 2: Compare the Annual Costs for each Benefit Zone with the Maximum Annual Special Tax Revenue for the Benefit Zone calculated in the previous step.

Step 3: If the Annual Costs for a Benefit Zone are less than the Maximum Annual Special Tax Revenue for the Benefit Zone, decrease proportionately the Special Tax levy for each Developed Parcel in the Benefit Zone until the revenue from the Special Tax levy equals the Annual Costs for the Benefit Zone.

Step 4: If the Annual Costs for a Benefit Zone are greater than the Maximum Annual Special Tax Revenue from Developed Parcels for the Benefit Zone, levy a Special Tax proportionately on each Large Lot Parcel in the Benefit Zone to an amount equal to the amount of Annual Costs for the Benefit Zone, or until 100 percent of the Maximum Annual Special Tax is reached for such Large Lot Parcels.

Step 5: If the Annual Costs for a Benefit Zone are greater than the Maximum Annual Special Tax Revenue from Developed Parcels and Large Lot Parcels for the Benefit Zone, levy a Special Tax proportionately on each Undeveloped Parcel in the Benefit Zone to an amount equal to the amount of Annual Costs for the Benefit Zone, or until 100 percent of the Maximum Annual Special Tax is reached for such Undeveloped Parcels.

- C. Levy on each Taxable Parcel the amount calculated above.
- D. Prepare the Tax Collection Schedule and, unless an alternative method of collection has been selected pursuant to Section 9, send it to the County Auditor requesting that it be placed on the general, secured property tax roll for the Fiscal Year. The Tax Collection Schedule shall not be sent later than the date required by the Auditor for such inclusion.

The District shall make every effort to correctly calculate the Special Tax for each Parcel. It shall be the burden of the taxpayer to correct any errors in the determination of the parcels subject to the tax and their Special Tax assignments.

## **6. Records Maintained for the CFD**

As development and subdivision occurs within the CFD, the District will maintain a file containing records of the following information for each Parcel:

- The current County Assessor's Number; and
- Number of Units assigned by the Administrator to each Single-Family Residential Parcels and Multifamily Residential Parcel.

The file containing the information listed above will be available for public inspection.

## **7. Appeals**

Any taxpayer who feels that the amount of the Special Tax assigned to a Parcel is in error may file a notice with the District appealing the levy of the Special Tax. The District will then promptly review the appeal, and if necessary, meet with the applicant. If the District verifies that the tax should be modified or changed, a recommendation at that time will be made to the Board and, as appropriate, the Special Tax levy shall be corrected and, if applicable in any case, a refund shall be granted.

Interpretations may be made by Resolution of the Board for purposes of clarifying any vagueness or ambiguity as it relates to the Special Tax rate, the method of apportionment, the classification of properties or any definition applicable to the CFD.

## **8. Prepayment of the Special Tax Obligation**

The Maximum Annual Special Tax for a Taxable Parcel may not be prepaid. The Special Tax is collected to fund Authorized Services in perpetuity, or until the Board determines that the Special Tax should no longer be collected.

## **9. Manner of Collection**

The Special Tax will be collected in the same manner and at the same time as ad valorem property taxes, provided, however, that the Administrator or its designee may directly bill the Special Tax and may collect the Special Tax at a different time, such as on a monthly or other periodic basis, or in a different manner, if necessary, to meet the District's financial obligations.
