

Olivehurst Public Utility District

Agenda Item Staff Report

Meeting Date: 9/19/24

Item description/summary:

Consider Options for Waste Stations throughout OPUD Parks.

Olivehurst Public Utility District (OPUD) has received input from community member regarding additional waste station for dog clean up at our parks, additional to the five (5) existing ones present at the following parks:

Existing waste stations:

Feather River Park, 1 bag station.

Eufay Park, 1 bag station.

Donahue Park, 1 bag station.

Lindhurst Park, 1 bag station.

Olivehurst Park, 1 bag station.

In a committee meeting, the following ideal was floated

3 stations per Community Park, 2 per Neighborhood Park, and 1 per mini-Park.

With that in mind, the following options are available:

- A. Due to this not being budgeted, move forward with having one total at least at every larger neighborhood and community park – This would be total purchase of 10-15 max
- B. One at each park – 5 currently have one, add additional 19.
- C. Purchase all 37 based on top recommendation per committee (per Parks Manager research and justification mentioned by Director Perrault) – Note Parks Manager has provided research on the information above.

We understand OPUD's unique needs when it comes to your pet waste stations. That summer requires more product, while winter you require less. This is one of the many benefits of partnering with purplewaste for you pet waste needs. Not only are you receiving the highest quality american made pet waste bags at bulk cost on a per roll basis, your subscription can be changed anytime so that you are only receiving the amount of product you need when you need it.

Want a completely hands off pet waste solution?

purplewaste is happy to offer OPUD a refill service, where purplewaste will refill your stations for you every Thursday (or based on your desired schedule). This will alleviate your parks employee's time spent filling the stations each week and OPUD will no longer have to store product.

*This survey is based on 1600 bags per station per month, however this amount can be changed at anytime.

purplewaste Mini Pet Waste Station Quote

purplewaste offers several pet waste station options all made from commercial grade aluminum. For OPUD's needs we suggest our "mini" pet waste station which includes a high visibility sign, pet waste bag dispenser in either roll or head bag style, u-channel post, and all brackets, nuts, and bolts to install . These stations can be purchased in either matte green or black.
