

Olivehurst Public Utility District

Agenda Item Staff Report

Meeting Date: Wednesday, December 4th

Item description/summary:

Steel main grant update:

As you've heard during the update at our last board meeting, and as reported by the Appeal, YWA awarded \$1.4 million in matching funds to the YUBA IRWM for their grant application. OPUD has two projects included in this application, one of them being the steel main replacement project. I have been working with the IRWM consultants to prepare and submit our portion of the grant application and am nearly finished as of writing this report. The deadline to submit the application is December 6th. DWR expects to review these grants fairly quickly, with anticipated project start dates around June of 2020.
