## **RFB – PUMP STATION NO. 14 ODOR REHABILITATION PROJECT Public Bid Process Closure**

To All Bidders,

The following update is being provided regarding status of the bid:

1. OPUD did not receive bids on 8/15/2024, prior to the closure of the official bid process. An addendum was sent after the bid has closed in order to extend. After further discussion with OPUD legal discussion, it was deemed that the addendum #3 that offer bid extension after the bid close period was invalid, therefore the bid has officially closed. Attached below please find the attached official bid results. OPUD will immediately begin negotiating with eligible contractors that would meet all public agency requirements in order to be able to get in contract and complete the project. Thank you for all of yours interest in this project.

Regards,

A handwritten signature in black ink that reads "Swarnjit Boyal".
