**OPUD
WATER METER
INSTALLATION POLICY**

Olivehurst Public Utility District will require the installation of a water meter in conjunction with any of the following activities when there is not currently a water meter installed or when deemed necessary by the Public Works Engineer:

1. Any new service connection (an existing service connection shall be considered new if there has been no billing activity for a period of ten (10) years or greater).
2. Any upgrade and/or addition to the water plumbing such as the addition of landscaping irrigation, swimming pool, spa etc.
3. Any type of permitted construction or replacement such as room additions, mobile home replacements, garage or storage additions etc. when the total square footage of the project is equal to or greater than 300 square feet.

In addition to the above requirements, the water meter shall be purchased and installed in accordance with "Standard Specifications and Standard details for Olivehurst Public Utility District".
